15th February 1905

My dear Sir:

Your letter of January 21st is at hand, in which you inform me that at the Annual Meeting on the 18th of January, the American Numismatic and Archaeological Society decided to do me the honour of electing me its President. I beg that you will express for me to the Society my sincere appreciation of this honour. It is my hope that it may be my fortune in the future to render a good account of the confidence placed in me by the Society.

In regard to the appointments which you tell me it would be well to make at this time, I should be glad if, in the case of any which should be made at once, Mr. Parrish would kindly make them as you suggest.

I am, believe me, thanking you for the kind expressions in your letter,

Very sincerely yours,

*Archer M. Huntington*

Dear Mr. Huntington:

As a member of a special committee for the Hudson-Fulton Celebration, I write to ask whether the American Numismatic Society will cooperate with the Hudson-Fulton Committee of 1909, first, to arrange a series of medals and coins contemporaneous with the discovery of the Hudson River, and second, to arrange a collection of American medals and coins contemporaneous with the history of steam navigation and the time of Robert Fulton, this exhibition to remain open from May to November of the year 1909.

Very truly yours,

Your letter of November 24<sup>th</sup>  
in which you enquire whether the  
American Numismatic Soc. will  
coöperate with the Hudson-Fulton  
Committee of 1909 in regard to an  
exhibition of medals, is at hand.  
This will be placed before the council  
in due course. At the same time  
I would like to enquire for the in-  
formation of the Council at its  
next meeting, where it is proposed  
that such an exhibition should  
be made, if any place, building,  
or city has been ~~be~~ decided upon.

Believe me

Very truly yours

Dear Mr. Huntington:

Your esteemed favor of November 28th at hand. It was my plan that the entire exhibition medals and coins should be held in the building of the American Numismatic Society during the period of the celebration, lasting five or six months. In that way the Museum and the Society as well as the Hispano Society could be much better known to a large public.

Very truly yours

My dear Sir:

I received your letter this morning with much pleasure, and I will lay the names of the two gentlemen you suggest before the Council at the next meeting, and a letter will be sent to you immediately by the Secretary. Many thanks for the suggestion.

I thank you also for the translation which was made in regard to Dr. Hedin's claims to have discovered the true source of the Brahmaputra Kubi Tsampo, but I have had no opportunity to read it as yet. I know that it is interesting for I have already heard it spoken of.

Hoping to have the pleasure of seeing you personally, I am, believe me

Honorable Président de la

Société Américaine d'Archéologie et de Numismatique.

Je tiens à un de plus grands honneurs que j'ai reçus dans ma vie, l'estime que m'a portée votre illustre Société en me confiant, il y a quelques années, la rédaction d'un mémoire sur la manière de porter en l'honneur d'Améric Vesputse.

J'ai fait ce travail avec autant plus de plaisir que votre initiative a réhabilité la mémoire de Vesputse, tellement qu'aujourd'hui les Etats Unis ne regardent plus comme une honte que la Société honore lui doive son nom.

Dans mes recherches sur la découverte de l'Amérique, j'ai confirmé pleinement l'opinion exprimée par l'illustre historien américain Fiske, c'est à dire que le célèbre Emerson, en agitant Vesputse le voleur de Liville, avait été induit en erreur par des récits espagnols et portugais.

Actuellement tout le monde est convaincu, par le témoignage de Colomb lui même, que Vesputse s'était toujours honorablement conduit avec lui; qu'il n'était pas responsable du nom d'Indes donné au Nouveau Monde et que, même en admettant que Colomb ait touché le premier, les rivages du continent de cette nouvelle terre, Vesputse les avait parcourus sur une bien plus grande étendue.

Deux derniers congrès des numismates ont approuvé la vue déclarant de la plus haute importance la publication que j'ai préparé de ses mémoires.

Actuellement on a désigné en l'honneur des Etats Unis la séance de la quatrième Centenaire du centième de l'Amérique soit célébré cette année dans les principales villes des Etats Unis, en destinant une partie des sommes nécessaires pour cette solennité, à la publication indiquée plus haut.

Je serais heureux si la Société qui a l'honneur de vous avoir pour Président, voudrait donner, avec son haute influence, son appui moral, et spécialement pecuniaire à cette oeuvre, qui portera le grand nom de l'Amérique dans l'histoire de la découverte du Nouveau Monde.

Agées, Monsieur, l'assurance de ma plus haute et cordiale estime.

Dear Mr. Belden.

Your letter of Aug. 16. has reached me and I am glad to hear that the work is all in good order. With you at the helm I can scarcely imagine that it could be otherwise.

Many thanks for reserving No. 1. of the Golden Teller Medal for me. I do not think I will subscribe for another as there are some so near that I would be to the best interests of the Society to have them distributed as much as possible. Should any be left over however that would be another matter.

CONGRÈS INTERNATIONAL  
DE  
NUMISMATIQUE  
ET DE L'ART DE LA MÉDAILLE  
1910  
—  
SECRÉTARIAT

À Monsieur le Président et  
Membre de l'American numis-  
matic Society, New York.

Messieurs,  
La Société royale de numismatique  
de Belgique et la Société hollandaise belge  
des Amis de la Médaille Part se sont réunies  
pour organiser à Bruxelles en 1910 un Congrès  
international de numismatique et Part de  
la médaille.

En nom de la Commission d'Organis-  
ation, j'ai l'honneur, Messieurs, de vous  
inviter à ~~vous~~ faire représenter officielle-  
ment votre Société à notre congrès par un  
ou plusieurs délégués.

Le Congrès international de numis-  
matique de Bruxelles 1910 promet dès à  
présent d'être la plus considérable as-  
semblée de ce genre tenue jusqu'à ce jour ;  
les personnalités les plus en vue du monde  
numismatique y ont promis leur concours,  
et vous verrez par la liste provisoire des  
mémoires présentés au Congrès — liste  
dont je vous adresse quelques exemplaires en  
même temps que cette lettre — qu'un  
intérêt réel s'attache aux questions qui

y serait délaissées.

Dans ces conditions, Messieurs,  
nous espérons que vous aurez à cœur de  
rehausser l'éclat de cette manifestation  
scientifique en vous y faisant représen-  
ter, et nous vous envojons ces confraternel  
salut.

Pour la Commission d'Organisation,

Le Secrétaire,

Vitor Courneux D. Phil.

Bruxelles le 17 oct. 1909.

*Monsieur,*

*Le succès des Congrès internationaux de Numismatique de Bruxelles (1891) et de Paris (1900) a décidé la SOCIÉTÉ ROYALE DE NUMISMATIQUE DE BELGIQUE et la SOCIÉTÉ HOLLANDAISE-BELGE DES AMIS DE LA MÉDAILLE D'ART à s'unir pour organiser à Bruxelles, en juin 1910, un troisième Congrès international qui, cette fois, comprendra deux sections : l'une de numismatique et de sigillographie, l'autre de l'art de la médaille contemporaine, art qui, en ces dernières années, a conquis la faveur du grand public, grâce à l'effort continu et victorieux de toute une phalange d'artistes de talent.*

*D'un autre côté, la Numismatique a étendu son domaine, et personne ne conteste plus aujourd'hui qu'elle est indispensable aux historiens, aux économistes, aux hérauldistes et même aux artistes curieux de s'instruire des choses du passé.*

*Aussi, l'entreprise de la Société royale de Numismatique de Belgique et de la Société hollandaise-belge des amis de la médaille d'art a-t-elle reçu le meilleur accueil, tant des autorités gouvernementales que du monde savant et artistique. S. A. R. le Prince Albert de Belgique a daigné lui accorder son haut patronage et le Ministre des Sciences et des Arts, le Ministre de l'Industrie et du Travail, le*

*Gouverneur de la province de Brabant et le Bourgmestre de Bruxelles ont bien voulu accepter le titre de Président d'honneur.*

*D'ailleurs, l'affiliation du Congrès de Numismatique et de l'Art de la médaille à la section officielle des Congrès de l'Exposition universelle et internationale qui aura lieu à Bruxelles, la même année, a été demandée et obtenue.*

*Enfin, des Comités de patronage, comptant ensemble plus de 130 membres, ont été constitués en Allemagne, en Angleterre, en Autriche, au Brésil, au Canada, en Danemark, en Égypte, en Espagne, aux États-Unis, en France, en Grèce, en Hongrie, en Italie, en Norwège, aux Pays-Bas, en Portugal, en Roumanie, en Russie, en Suède, en Suisse et en Turquie.*

*Le succès est donc assuré, et la Commission organisatrice espère que vous voudrez bien y contribuer en lui renvoyant dûment rempli le bulletin d'adhésion qu'elle se permet de vous adresser, en même temps que le règlement du Congrès, et les noms des membres des Comités organisateur et de patronage. La liste des mémoires qui seront discutés ou lus en séances sera envoyée aux adhérents vers la fin de l'année. A l'heure actuelle ces mémoires sont au nombre d'une quarantaine.*

Pour la Commission organisatrice :

LES PRÉSIDENTS,

**Vicomte B. DE JONGHE.**

## Règlement du Congrès international de Numismatique et de l'Art de la médaille. Bruxelles, 1910.

---

ART. 1. — La Société royale de Numismatique et la Société hollandaise-belge des Amis de la Médaille d'art organisent à Bruxelles, pour juin 1910, à l'occasion de l'Exposition universelle, un Congrès international qui comprendra deux sections : l'une de Numismatique et de sigillographie, l'autre d'Art de la médaille contemporaine.

ART. 2. — Le but du Congrès est d'étudier des questions, de préférence d'intérêt général, ressortissant à la numismatique ou à la sigillographie et à l'art de la médaille contemporaine.

ART. 3. — Les deux Sociétés citées à l'article 1<sup>er</sup> ont constitué une Commission d'organisation, composée en grande partie des membres de leurs bureaux, chargée de régler les bases du Congrès ; à côté de cette Commission sont établis, à l'étranger, des Comités de patronage.

ART. 4. — Sont membres du Congrès et peuvent y assister : 1<sup>o</sup> les membres de la Commission d'organisation ; 2<sup>o</sup> les membres des Comités de patronage ; 3<sup>o</sup> toutes les personnes qui adhèrent au Congrès.

ART. 5. — Le droit d'inscription au Congrès est de 3 francs. Sont seuls dispensés d'acquitter ce droit, les membres des Comités de patronage à l'étranger et les membres d'honneur.

ART. 6. — Le Congrès comprendra des séances plénières et des réunions de section ; des visites seront faites aussi au Cabinet royal de numismatique, à la Monnaie de Bruxelles, etc.

ART. 7. — La Commission d'organisation procédera à la nomination des présidents et vice-présidents du Congrès et des Sections à l'assemblée générale d'ouverture ; ils seront choisis *de préférence* parmi les membres étrangers.

ART. 8. — Le Bureau du Congrès et ceux des sections fixent l'ordre du jour des séances.

ART. 9. — Les mémoires présentés au Congrès devront être remis à M. Victor Tourneur, l'un des secrétaires de la Commission organisatrice, à la Bibliothèque

royale, rue du Musée, à Bruxelles. Ceux qui lui parviendront avant le 15 janvier 1910 seront imprimés et envoyés immédiatement aux souscripteurs au volume des mémoires. Ces travaux peuvent être accompagnés d'illustrations; mais ils doivent, dans la mesure du possible, ne pas dépasser 16 pages d'impression in-8°. Les auteurs recevront trente tirés-à-part.

ART. 10. — La durée des communications en séance ne pourra excéder quinze minutes. La langue officielle du Congrès est le français; toutefois, l'emploi du néerlandais, de l'allemand, de l'anglais, de l'italien et de l'espagnol est admis pour les mémoires.

ART. 11. — Le soin de publier les mémoires et les procès-verbaux des séances est confié à la Commission d'organisation qui délèguera deux de ses membres pour en diriger l'impression. Le prix du volume est fixé à 20 francs pour les congressistes et à 25 francs pour les autres souscripteurs.

ART. 12. — Il sera frappé, pour les seuls membres du Congrès, une médaille commémorative, modelée par le sculpteur bruxellois J. Jourdain. L'exemplaire en bronze sera mis en vente au prix de 10 francs; celui d'argent, au prix de 25 francs.

ART. 13. — La Commission belge d'organisation se réserve le droit de trancher en dernier ressort toutes les difficultés qui pourraient être soulevées.

Pour la Commission organisatrice :

*Les Présidents,*

**Vicomte B. DE JONGHE.**  
**ALPHONSE DE WITTE.**

*Le Secrétaire-délégué,*  
**V. TOURNEUR.**

Dear Mr. Huntington:

I am sorry I am not writing earlier, but have been busy for some time with my  
affairs.

The enclosed manuscript of my article on the life of the  
life and death of the life, which was written since the  
last annual meeting. If this is not sufficient please let me know.

Very sincerely yours

Dear Mr. Huntington:

Mr. Pehrson told me, on Friday last, that you were in here in search of a copy of the Society's Constitution, and that you took one of the old printed copies.

Since this was printed the Constitution has been amended to such an extent that it is not of much use, I have accordingly made a typewritten copy of the Constitution and By-Laws, as they now are, which I enclose herewith.

As my operations on the typewriter are not very rapid, this took considerable time, and as there were various interruptions, I could not get it ready any sooner, I hope it will be in time for your purposes.

Very sincerely yours

My dear Jane:

I enclose cheque to your order for \$50.50, in payment of your bill for repairing books, as I want to have a duplicate record of this, will you kindly return this bill receipted, together with a duplicate bill, also receipted, and marked "duplicate" ?

I have not looked over all of the books so far, will do so when the opportunity offers and if I find that any thing does not stick I will let you know.

With kindest regards to you all, I am,

My dear Mr. Huntington:

The book mentioned in Mr. Mac Monnie's letter, Trésor de Numismatique et de Glyptique, is a large folio in many volumes, and of the greatest value, we have a portion of it, six volumes bound and a number of loose parts, the bound volumes do not in all cases contain complete volumes of the work, I will try and ascertain how many volumes are in the complete work, we will also go over what we have and see how many complete volumes there are.

I return Mr. Mac Monnie's letter as requested.

Dear Sir:

Your letter of October nineteenth, from Brussels, is at hand, and I beg to reply on behalf of The American Numismatic Society, accepting with pleasure the invitation formally extended to our Society, to send a representative to the meeting of The International Numismatic Congress at Brussels in 1910. I beg to state also that the name of this representative of our Society will be forwarded to you in the near future.

My dear Mr. Belden:

Acting upon instructions received at the last meeting of the Council, herewith I enclose to you copy of a letter which I have sent to Mr. Tournour. I send you also a list of proposed memoirs to be presented at the Congress, in regard to which Mr. Adams suggested the advisability of writing to each of the authors to obtain, at an early date, the right to republish these articles in the Journal. A letter to the Secretary, no doubt, would be best first, in order to obtain information as to addresses and possible changes.

January 13, 1910.

My dear Mr. Huntington:

As authorized by you and Mr. Saltus, I made an offer of three thousand dollars for the collection of decorations and war medals. I have just received a reply accepting my offer.

I notified Mr. Jolley, by telephone, and told him he would send to a printer for his share of the transaction - \$1500.00 - this afternoon, if you will be likewise notified through Mr. Jolley, to my account at the Washington Federal Bank, and send to the printer for \$1500.00 in Philadelphia. This is better luck than I expected, as I thought they would stick out for \$2500.00 or \$4000.00.

Now, that of course that I want to show you, I ordered several ten dollar medals from the printer as soon as they can be procured, but I want your approval before ordering more.

Very sincerely yours,

January 24, 1910.

Dear Mr. Huntington:

Will you kindly send me, at your convenience, a list of the committee appointments made by the Governors on Saturday? I believe it is up to me to notify those appointed on committees.

Very sincerely yours.

Wm. B. Alden: I think  
it might be well for the

these medals (in silver)  
don't you think so?  
I will be glad to  
pay for them when  
they arrive - A. J. S. H. S.

There are I think  
eight of these published  
by Faxon & Co.

subscriber books  
have been destroyed  
in the fire.

January 26, 1910.

Dear Mr. Huntington:

I have just received a frame containing twenty eight medals, from Iv. Thronsen, Kongsberg, Norway, for the exhibition.

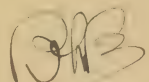

I have no list of these medals, and the only thing that I have received from him regarding them is a letter, stating that they are ~~very~~ <sup>valuable</sup> art, which I turned over to <sup>you</sup>.

In case you have nothing more from him, would it not be well to send him a couple of our forms and ask him to fill them in and return them?

I have received the list of committees. I notice you have put the name of Mr. Millhouse first on the Committee on Building and Grounds, should not Mr. Martin come first as he is the member of the Council?

I want to get your ideas as to the style of letter paper, also to talk over a suggestion that was made to me regarding exhibition cases, at the first convenient opportunity.

Very sincerely yours,

THE AMERICAN NUMISMATIC SOCIETY

Dear Mr. Belden:

In reply to yours of even date,  
I think the forms should be sent to Iv.  
Throndsen at once.

The placing of Dr. Hillhouse's  
name first was an error.

As to letter paper I should sug-  
gest a form something like the enclosed,  
leaving off the seal for ordinary corres-  
pondence.

Yours truly

Bauman L. Belden, Esqr., Director

P.S. An invitation has already been sent  
to Iv. Throndsen, Konsberg, Norway,  
and it would be well to instruct him  
to fill out the forms at once

January 27, 1910.

My dear Mr. Huntington:

In looking over the list of committees I notice that the Committee on Modern Foreign Coins consists of Messrs. Fryer, Higgins and Miklewicz, now it so happens that Higgins and Miklewicz are not on particularly good terms, on account of a disagreement at the time Higgins was running for president of the Numismatic Association, and I do not believe either of them would be pleased at being put on a committee with the other.

Higgins is particularly good on foreign coins, Miklewicz would be as good on U. S. coins as on foreign, Mr. Allacott is a friend, and I think a family connection, of Mr. Fryer.

I hope I will not be considered officious in offering the above facts for the consideration of the Governors, I have not notified the members of these two committees, and will not do so until I hear from you.

Very sincerely yours,

Secretary.

Dear Mr. Huntington:

The enclosed proof seems to me to be all right. Personally, I rather prefer the Society's address as 106th Street, West of Broadway, as it gives a little more definite direction for people trying to find the building, West 106th Street covers quite a distance, while West of Broadway is practically one block.

Very sincerely yours,

February 6, 1910.

Dear Mr. Huntington:

When we gathered next Saturday for a council meeting we discussed the fact that it is Lincoln's birthday, & as it is well to take the chance of the evening being that day I if you think best we can have it one week later, the 14th.

Please advise us what you think would be best to do, so that if it is to be changed, I can notify the members, the enclosed card was returned to me by Mr. Martin, with his observations on the subject.

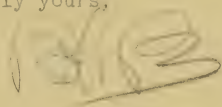

Very sincerely yours,

February 9, 1910.

Dear Mr. Huntington:

We have, so far, been able to light the two cases on the North wall of the first floor, the single case on the South wall is fairly well lit by the brackets on each side, which light it from about ten inches from the top down, above that they do not get much light; we will want to fill these cases very soon, and I would like to know what will be done regarding them.

Very sincerely yours,

Dear Mr. Huntington:

I enclose herewith a statement of the money that I expended in connection with the exhibition, amounting to \$180.21.

The various night sessions that we had while preparing for the exhibition, and while it was in progress, made it necessary for me to buy my dinner in the city twenty seven times, at a cost of \$14.35, I did not feel sure whether this was a proper charge to make, so did not put it on my statement, it can be added on or left off as you think best.

In talking it over with Miss Baldwin, a few days ago, we decided that Miss Cassidy's compensation should be \$100.00, if you will add that amount to my cheque I will send it to her, and forward her acknowledgment to you, or if you would prefer to send it to her direct I will send you her address.

Dear Mr. Huntington:

I have been arranging the proceedings of the annual meeting for the printer, and I found that I lacked your address, as President, you took it away with you after the meeting, and did not give it to me later, and as things began to get busy, about that time, in preparation for the exhibition, I did not think to ask you for it.

I asked Miss Sutcliffe if a copy had been left with her, and she informed me that it had not, I hope you will arrange to let me have it as soon as possible, as it is the best thing in the proceedings and we are hung up without it.

It is rather hard luck having our medals on the Minnebaha, still I hope they will turn up finally.

Things are working along smoothly here, and I am getting the accumulated work out of the way in very good shape.

The amendment making Saturday our meeting day was passed on Monday evening.

I have been informed that Mrs. Edward Croh, who died recently, has left a legacy to the Society, I do not know how much, but I do know

that a contest of the will is probable, I expect to have more definite information in a day or two, I will bring it before the Governors as soon as I have any thing definite to report, I have already spoken to Mr. Adams about it.

Hoping you had a pleasant voyage, I am,

Very sincerely yours,

## THE POSTAL TELEGRAPH-CABLE COMPANY. (INCORPORATED)

**TRANSMITS AND DELIVERS THE WITHIN MESSAGE SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:**

THIS COMPANY may decline to forward any message, though it has been accepted for transmission, but in case of so doing, shall refund to the sender the amount paid for its transmission.

THIS COMPANY WILL NOT ASSUME ANY RESPONSIBILITY IN RESPECT TO ANY MESSAGE BEYOND THE TERMINUS OF ITS OWN LINES.

To guard against mistakes or delays, the sender of a message should WRITE IT LEGIBLY and order it REPEATED; that is, telegraphed back to the sending station for comparison. For such repeating, an additional charge of one-quarter the regular rate will be made.

It is agreed between the sender of the message on the face hereof, and this Company, that said Company shall not be liable for mistakes or delays in transmission or delivery, or for non-delivery, or mis-delivery, of any un-repeated message beyond the amount of that portion of the charge which may or shall accrue to this Company out of the amount received from the sender for this, and the other companies, by whose lines such message may pass to reach its destination; and that this Company shall not be liable for mistakes in the transmission or delivery, or for non-delivery, or mis-delivery, of any repeated message beyond fifty times the extra sum received by this Company from the sender for repeating such message over its own lines.

This Company is hereby made the agent of the sender without liability to forward any message by the lines of any other company to reach its destination.

This Company shall not be responsible for messages until they are presented and accepted at one of its transmitting offices; if a message be sent to such office by one of the Company's messengers, the messenger acts for that purpose as the agent of the sender; if by telephone, the person receiving the message acts therein as the agent of the sender, and is authorized to assent to these conditions on behalf of the sender.

This Company shall not be liable in any case where the claim is not presented in writing within sixty days after the filing of the message. This Company shall not be liable in any case for delays arising from interruptions to the working of its lines, nor for errors in cipher or obscure messages.

This is an UNREPEATED message and is delivered by request of the sender under the conditions named above.

## NO OTHER SERVICE EQUALS THE "POSTAL'S"

May 28, 1910.

My dear Mr. Huntington:

I have at last succeeded in getting an estimate from the Library Bureau on the binding cases, which you suggested. It will be to the two sides of each column, facing the walls; there will be room for three leaves on each side, making six on each column, twenty four in all.

They have worked out a very good plan for them, the frames of mahogany and plate glass, and I think they would work very well, their estimate is \$200.00, this of course covers the cases on all four of the columns.

I would be glad if you would let me know what you think of this as soon as you can, it will take six weeks to get them up, and in case we should order them, I would like to be able to have them in place before the convention of the American Numismatic Association, which will be from the fifth to the tenth of September.

Things here are working along smoothly, the Journal will be out in a day or two, I think this number will be a very good one, I went to Boston early this month and had some long talks with Dr. Marvin, also with Mr. Wood, who is on the Publication Committee, and I think we will be able to improve the Journal in various ways, Mr. Wood is a bright fellow and I think we did well in putting him on the Committee.

We have thirty-three applications for associate membership, one of which is Archbishop Verley, there is a Council meeting called for this afternoon, I have been trying hard to secure a quorum, there are so many away that it is a little doubtful.

Mr. Parish is around again, he has been here several times, Mr. Browne is just getting up from an attack of typhoid, Mr. Weeks has gone off to get married, we will, probably, not see him before fall.

We had the Council meeting, just a quorum, Messrs. Parish, Field, Fryer, Newell and myself, the thirty-three associate members were duly elected, Pearson made a request for an increase in pay, upon which action was deferred until our next meeting, the Council should be present, which will occur until fall, we discussed the Convention of the American Numismatic Association, and the arrangements were left in my hands.

I am going to take my vacation in a few days, so as to give Miss Baldwin the opportunity to take her trip to Paris.

I mentioned your suggestion regarding prizes for original articles in the Journal, at the Council meeting, Mr. Parish thought it would be better to bring it on later, so I will tackle it again the first opportunity.

We are still waiting for definite news of the medals on the Minnehaha.  
I hope you are all well and enjoying your trip.

Very sincerely yours,

A handwritten signature, possibly "W. M. J.", is written in dark ink. The signature is somewhat stylized and is positioned below the typed text.

Dear Mr. Belden:

Your letter of May 28. I have received and read with pleasure. The price for the Library B. names seems high but you can best judge. These people a very high but in good work generally.

Thirty three applications for assoc. Membership seems very good. Would it not be well to make Archbishop Tierney an Hon. member?

Glad to hear that the Parish and Mr. Drown are well again. Please remember me to each.

I have the Journal. It is a much better number than usual. We must keep this up and get a first rate scientific publication. Time will do it (with a little aid from our members!).

Best wishes, yours truly,

My dear Mr. Huntington,

Very sincerely yours,

Resolved, that the thanks of The American  
Numismatic Society be tendered to Mr. J. Paulsen  
Noyes for the loan of his valuable collection  
of medals of the Renaissance ~~for exhibition~~ <sup>during</sup> for  
the International Medallion Exhibition, held by the  
Society from March 12<sup>th</sup> to April 1<sup>st</sup> 1910

July 30, 1910.

My dear Mr. Huntington:

I have an estimate from Abranson, Engraver Co., the people who built our wall cases and lockers, of \$760.00, for the swinging cases, this is considerably below the Library Bureau, whose bid was \$800.00, and I see no reason why they could not make a good lot of it, I would have had the estimate sooner but Mr. Abranson was sick for a few days and that delayed him. I enclose a tracing of his sketch, do you like the turned moulding he has put on the column, above and below the cases, or would it look better without it? I rather like his plan of hanging them as I think it would take less room than the plan of the Library Bureau. I would be glad to know what to do about this, so that, in case they are to be made, I can get it done before our regular meeting in November.

As the purchased medals, on the E. B. Michener, were lost, and it will take a very considerable time to replace them, I am going to put the decorations in the cases, where they were before the exhibition, so that the cases will be full at the time of the numismatic convention in September, then when we get our swinging cases, I can take them out and make room for other things.

I think that there will be a very fine coin exhibition at the numismatic convention, as many of the largest collectors intend exhibiting their best things, I will clear out the flat cases in the gallery for this purpose, and if they are not sufficient I can empty some of the flat cases on the first floor, I hope that this convention will bring us some more associate members.

In addition to the associate members elected last May, I have twenty five more applications, when I see a chance of getting a quorum of the Council, I will call a meeting and have them elected.

Dr. Willhouse has written to you regarding what we shall do about replacing the medals lost on the Michener, and if your reply is favorable we will start in and see what can be done, it makes me sad every time I think of all those beautiful things being lost, all on account of the stupidity of our Customs regulations, I hope we will be able to replace them.

Things are working along smoothly here, the next number of the Journal will be out very soon, I think it will be a very good number.

I notice in the paper the death of two of our life members, James Lee Spoh, of Albany who was a large collector of American coins, and Oliver Stanford Wood, of Lebarth, N. Y., a life member since 1867.

I hear frequently from Mr. Peliss, he is, as usual, industriously picking up good hints for the Society. I understand that Mr. Fryer contemplates a short trip to France in the fall.

With kind regards,

Very sincerely yours,

Bauman L. Belden Esq, Director  
American Numismatic Society, 15-th St., N.Y.

Dear Mr. Belden:

I was very glad to receive your letter and to hear that things were going so well. The only matter that seems to need reply is in regard to the Journal, but unless you have taken some action in this it might be as well to let it go for the present although I am frankly in favor of the change we discussed.

With kindest regards to all and hoping to see you soon,

Very sincerely yours,

Archie W. Huntington

November 7, 1910.

My dear Mr. Huntington:

Your letter of October 29th has just been received. I am glad that you think it well not to change the size of the Journal at the present time.

I am also in favor of the change that we discussed, but I do not believe in having the changes come too close together, we made one change the beginning of this year, which is a decided improvement, and it seems to me that it is better to let it go at that for a while and not have a single volume that is of a size different from all the rest.

The enclosed advance sheets of a catalogue I have just received from Low, and it occurred to me that it might interest you.

Every thing is going along smoothly, the majority of the Franco medals are probably on their way here by this time, I have replies from all but one of the French artists, all but one from Belgium, and several from Austria and Germany, and there are only one or two medals that can not be supplied.

I am very glad that there is a prospect of seeing you soon.

November 23, 1910.

Dear Mr. Huntington:

Mr. Frenner says that you promised him one hundred copies of his pamphlet, the one that was set aside for the exhibition.

Shall I let him have them? We have something over the hundred copies left.

Very sincerely yours,

think, don't you?

At the Council meeting on Saturday, the question of the badge and certificate of membership was referred to a committee consisting of the President of the Council and two others of his choice.

We had a very nice meeting on Saturday afternoon, Mr. Brown, president, Mr. Adams was here also a number of others, all were sorry not to see you.

The swimming cases are finished, except for the catches at the top and bottom, they look very well, I will begin putting things in them tomorrow or Wednesday.

The book, which I have been working on, is now printed by about fifty?

I received some photographs a few days ago, while there is no name of the artist on them, I think they probably refer to the coming exhibition.

At the meeting of the Society, March 18th, a suggestion from Mr. White regarding business of the Society was brought up, favorably considered, and referred to the Council for action.

The next meeting of the Society will be on April 14th, and it seems to me that it would be well to have a meeting of the Council two weeks earlier if the Council is to take any action. Will it be convenient to you to have a meeting on Monday, April 3, at 3.30 or 4 o'clock?

I would be glad to have your decision as soon as possible, so as to send out the notices.

Very sincerely yours,

I was very sorry to miss you to-day as I had a number of things that I wanted to talk to you about. I had just gone out and I was unable to be able to get around to the meeting on Saturday. I think it will be rather interesting. If you have any Koty medals that you could conveniently bring with you, we would be very glad. As you probably noticed, I brought in the case from the front room and set it up temporarily with the idea of filling it with Koty medals for the Vest-ial.

Dear Mr. Huntington.

We have a very talented student, a foreigner, - in whom we are greatly interested on account of her excellent work, - and also for her extreme perseverance against financial difficulties. - She is using a scholarship in the School - but has to work down town half of each day to earn the money for her board, - (wh. I am told leaves her only thirty-five cents at the end of the week.)

She has a small collection of old coins, most of wh. were dug up on her home land in Hungary.

There are some Greek and Roman coins, and a silver coin apparently Sicilian, with the head of Alexander the Great. - also several old Austrian ones -

As she is alone in the country, and struggling so hard for her education, we desire to help her as much as

My dear Mr. Belden:

I inclose herewith a letter, which explains itself, and I have told Miss Pond that you will be glad to render any service you can in regard to this matter!

Yours truly,

A handwritten signature in cursive script, reading "Archer W. Huntington". The signature is written in dark ink and is positioned below the typed name "Archer W. Huntington".

200 WEST SEVENTY SECOND STREET  
NEW YORK

26 April 1911

My dear Mr. Belden:

I beg that you will report to the Council of Administration that this date I have signed for the Society a petition addressed to the Board of Estimate and Apportionment of the City of New York, asking that that body refuse to grant the proposal of the Union Railway Company to build an overhead trolley from Eighth Avenue, through 155th Street, to Broadway, and also protesting against any further extensions of over-head trolleys in this district.

It will be seen that the intention of this petition is not to prevent trolleys properly constructed, but those of the over-head type.

I have signed this petition for the Council, trusting that they will approve it, as it needs immediate action.

Yours truly,

B. L. Belden, Esq., Director  
American Numismatic Society

New York.

Dear Madam:

Mr. Funtington has forwarded to me your letter of April 17th regarding a collection of coins belonging to one of your students.

Should she desire to bring this collection here, we will take great pleasure in giving her what information we can regarding its value.

Very truly yours,

Director.

May 10th, 1911.

My dear Mr. Hamilton:

Your letter of May tenth  
at hand, and I will send that the same in this en-  
velope.

The box of labeled cards  
is here, and I have put it in the safe upstairs.  
If you want to get at the cards before I go  
back, Miss Johnson will have the key. I  
expect to go over to Boston tonight and will  
send several sets with Dr. Johnson's papers over the  
various things connected with the Journal. If I  
cannot stop by Hartford on my way back, I will  
probably be able to send the rest of the lot by  
mail at the end of the week.

Dr. Martin sent me the  
catalogue that accompanied each of, and I am hav-  
ing Mr. Frisford go over it very carefully, so  
that by the time I get back he will be ready to  
report to you on it.

The painters have finished  
with Leonard's quarters. I noticed, however, that  
the iron grills on the various windows were badly  
rusty and besides some attention to I am having  
them painted also.

Very sincerely yours,

May 25th, 1911.

My dear Mr. Huntington:-

I think it is important that we should have our next Council meeting before the summer, as there are several things to be gotten out of the way including the election of a couple of Associate Members.

Very sincerely yours,

My dear Mr. Huntington:-

Can you give me the address of Mr. James Hays Hyde. I want to notify him of his election to membership in this Society. I would also be glad of the address of Prince Frederick Lutzke. Prince Lutzke is a life member of the Society and would receive the Journal, I do not know where to have it sent.

Very sincerely yours,

August 2, 1911.

My dear Mr. Huntington:

Things here are going along smoothly and quietly, and about the only interesting piece of news that I have for you is that Mr. Isaac J. Greenwood has presented his coins and numismatic books to the Society, and I am expecting them up here any day, I have had a list of the books, and there are many of them that are needed in the library, as to the coins, I do not know how many there are, or just what their character is, I am of the opinion, from what he wrote me, that we will find quite a number from South America. Mr. Greenwood has been something of an invalid for a number of years, and has not looked at his coins for a long time, he writes me that many of them are in the original packages, as purchased, never having been arranged in his cabinet. Mr. Greenwood has been a member since 1889, and it is gratifying to know that he still retains his interest in the Society, he contributed \$1000.00 to our building fund.

I had a letter from Loveless, a few days ago, in which he said that the medal commemorative of our exhibition was finished, and he had written to you for directions as to shipment, and some other information, and he asked me to remind you of his letter. I wrote him that you were abroad, and he might do well to write to your Paris address.

I was away during the most of July, I spent part of the time in Pennsylvania and the remainder at home, coming over here now and then, I have been very busy lately, but I am now on her vacation, she will be away all this month.

Mr. Adams returned some time ago, he sent us a medal and a book, I have not seen him since he got back. Mr. Fryer intends to sail for Europe the latter part of this month, I do not know how long he will be away, but I expect to see him in a few days and will find out then.

The money that you left with me for binding and books will be very carefully expended, I have used but little of it so far, I have a lot of books at the bindery now, and will send some more shortly.

I hear from Mr. Saltus frequently, he has sent us some very nice things lately, he is now in England.

I hope the last number of the Journal pleased you, we hope to

the next morning our cables were broken, and we are waiting for Dr. Shaw  
to come on the cable car today, I expect to see him on Monday, and I will try  
to hurry him up.

William and Mary went to the establishment this month, Dr.  
Shaw and Dr. Hiramson will stay, and the establishment is now  
shut up.

With love and best wishes to all your family, and with kindest  
regards, I am,

Very sincerely yours,

so, please to hear from you regarding it, and if I do not hear from you to the contrary, I will let them make a reprint. So if you would prefer not to have it done, I trust you will advise us as quickly as possible.

I have just received Mr. Greenwood's coins and books, and I find that they will be a most valuable addition to our collections. I was surprised to find that a very large proportion of the books are already in our library, but as to the coins, it will, of course, be something new. We will be able to tell just how many of them will be new to our collection. In fact I will not attempt even to count them until Miss Pellain's return, about the first of the month. I noticed, however, that there are a very considerable number of Oriental coins of which we have but very few. There are very few Greek coins and these not important but quite a number of Roman that are very good indeed; some are exceedingly fine specimens; some nice American Colonials; and some very good specimens of the regular coinage in both gold, silver and copper. Most of these will probably be duplicates. Taken together, however, it is a fine accession.

Nothing of interest has occurred since I last wrote.

Hoping you are well, and enjoying yourself, and with very kind regards, I am,

Very sincerely yours,

December 9th, 1911.

Dear Mr. Huntington:-

I enclose herewith card for the regular meeting on  
December 16th.

The Council, some months ago at the suggestion of Mr.  
Field, adopted the resolution that we should endeavor to have short papers  
read at our meetings, and I accordingly, ~~in accordance with the resolution~~  
by Mr. deLagerberg to read a little paper at this time. I do not know how  
interesting it will be, but as it is short, which certainly is an  
advantage.

As there is nothing that is necessary for the Council  
to do before this meeting except to elect an associate member, I have care-  
fully written the report fifteen minutes before the meeting, ~~and~~  
there are a number of quite important matters for the Council to consider  
respecting which I will talk to you when I have the first opportunity. —  
I think it would be well to have a Council meeting sometime later in the  
month at such time as will suit your convenience.

Very sincerely yours,

December 13th, 1911.

My dear Mr. Huntington:-

I have received a letter from Mr. French, Director of the Chicago Art Institute, as follows:-

"We are about to make an exhibition of the bronzes of Prince Troubetzko/, from January 4 to January 28. We propose to issue rather a modest catalogue, in which we should like to introduce a few cuts of the sculpture - perhaps fifteen or twenty. I write to inquire whether the cuts used in the catalogue issued by you in 1911 are in your possession, and if so, whether the Numismatic Society would lend them to the Art Institute of Chicago, for use in this catalogue. It is necessary to proceed with some promptness, since the time of the exhibition is drawing near."

The cuts from the Troubetzko/ catalogue were received from Buffalo a few days ago, and the case containing them has not yet been unpacked, so if it is desired to send them, I can send these cuts right off. I would be glad to know what to do about it.

Very sincerely yours,

December 19th, 1911.

My dear Mr. Huntington:-

I have received so far subscriptions to this  
catalogue, seven of which were accompanied by checks. I would  
like to know what disposition I am to make of these cards.

Very sincerely/ yours, .

December 21st, 1911.

My dear Mr. Huntington:-

It seems to me that-it is important for us to have a Council meeting between now and the first of the year if possible. As Saturday of this week is so near Christmas, I doubt if we would get a quorum if we called a meeting that afternoon. Would it be convenient to you to have a meeting next week either any evening after Monday, except Wednesday, or Saturday afternoon. I have an engagement for Wednesday evening, which I would be very sorry to break. There are a number of things that it seems to me are rather important for the Council to consider.

I would be glad to know what you think of this at your convenience so that I can send out the notices promptly if we are to have a Council meeting next week.

Very sincerely yours,

December 30th, 1911.

My dear Mr. Huntington:-

Will it be convenient for you to have a Council meeting next Saturday afternoon or any other time next week? The annual meeting comes January 20th, and I think it is quite important for us to have a meeting of the Council at least two weeks before that time, as there are a number of things to be acted upon.

I would be glad to know your wishes in the matter as soon as convenient, so that I can send out notices of the meeting.

Trusting you are very happy and well, I am,

Very sincerely yours,

January 2th, 1911.

My dear Mr. Lister:-

I have just received your letter of the 1st inst. in the box  
and am glad to hear that you are well. I am glad to hear that you are  
well and hope you will continue to be so. I am glad to hear that you are  
well and hope you will continue to be so.

Very sincerely yours,

January 8th, 1911.

My dear Mr. Huntington:-

I enclose herewith a statement of the Journal account for the last year.

Mr. Poillon seemed to think on Saturday that Mr. Adams had gone abroad, but I got a check from him this morning for two copies of the Catalogue, which looks very much as though he was still here, at least as late as the fifth of the month as that was the date of the check. I will accordingly write him a line about the Fatelson medal, as he is Chairman of the Medal Committee, and that will, no doubt, bring a reply and show whether he is here or not.

Very sincerely yours,

January 12, 1912.

Dear Mr. Huntington:

Regarding the statement of the Journal account, which I sent you on January 5th, I am anxious to close this up, if possible, before the month ending January 15th) so that the Treasurer's annual report will show a correct balance, and the complete account for the year will appear.

I have just received a subscription from Mr. Walter for four volumes, and have lately been able to sell so far, which I think is doing very well.

Very sincerely yours,

My dear Mr. Huntington:-

I enclose herewith a communication, that I have just received from Mr. Edwin L. Clark of London, which explains itself.

Very sincerely yours,

February 14th, 1912.

My dear Mr. Huntington:-

I enclose herewith some communication from The American National Red Cross, which I thought you would want about that I do. Is this something that should be read at the Society's meeting on Saturday? I also enclose a letter addressed by the President of the Society, but as there is no President, perhaps the Chairman of the Council is the right man to get it.

Very sincerely yours,

February 20, 1912.

Dear Mr. Huntington:

I expect to have the three new cases, that we ordered some days ago, in the course of two or three days. As you, no doubt, remember, you promised to send pedestals for them, and I would be very glad to have these pedestals as soon as convenient, so that I can have the cases set up when they arrive, we have one pair, which is under the case that is now in the room, and which we will use for one of the new cases, we will need a pair for each of the other two cases, that is four pedestals in all.

Miss Baldwin is away sick, and not likely to get out for a couple days.

Very sincerely yours,

Mr. Archer M. Huntington,

Dear Mr. Huntington:-

Would it be convenient to you to have a meeting of the Council on Saturday afternoon, March 2nd, at half past three or four o'clock. That would be two weeks before the meeting, and as the Council will want to decide on a special subject for the meeting, I ought to have that much time to get up the cards and send them out.

If you can conveniently let me know to-morrow, I would be very glad as I could send the cards for the meeting out a week ahead.

Very sincerely yours,

February 27, 1912.

Dear Mr. Huntington:

I enclose herewith the description of our lot as given in the deed. I have the deed here, and can let you see it at any time, or if you want to see it, I will send it over to you.

Very sincerely yours,

Mr. Archer V. Huntington,

Dear Mr. Belden:

The enclosed letter from Mr. Robert Hewitt explains itself, and I have written Mr. Hewitt that his proposal to lend his Lincoln collection for Exhibition in the Hall of the Society will receive consideration at the next meeting of the Board. Will you therefore bring the matter up at the next meeting (on Saturday).

You no doubt remember that at the Council meeting on January 10, you asked to have the Committee to test a candidate for the Society at Philadelphia. The Committee, which was decided upon, was composed of Messrs. Wilson and Lewis, and the meeting was held on January 11, 1912. The Committee's address is 16. 7. 10th Street, Philadelphia, United States Vint, Philadelphia.

I received your letter of yesterday enclosing the letter to Mr. Wilson. I have now forwarded the letter to Mr. Frickard this morning.

My dear Mr. Huntington:-

I enclose herewith the engrossed copy of the Isaac J. Greenwood resolutions. I have had Ames & Rollinson erase their name so now I guess it is ready for your signature.

I enclose herewith a letter from the Guildhall Library, London, which I ~~am~~ received. Sometime ago the Guildhall Library gave us a set of thirty medals of the Corporation of London, and taking that into consideration it would seem to me that it might not be a bad idea to comply with the request to send a complimentary catalogue. I would be glad to know how this strikes you.

I had a long talk with Drowne on Saturday regarding the matter that was under discussion at the last Council meeting.

I enclose a copy of the regulations as amended at the last Council meeting on which I have noted in red ink three suggestions, which occurred to me since that time. I showed this to Mr. Field and he thought that the suggestions were all right, and I would like very much to know what you think about them. I want to put these things in force as soon as we get them in proper shape.

Very sincerely yours,

My dear Mr. Huntington:-

I have just received the enclosed letter from Mr. Wood regarding the collection of Chinese coins.

Mr. Wood was duly informed that the offer of ten thousand dollars for the collection was from anonymous, and at that time he received no description, besides regarding what action he would take concerning this offer.

This proposition would mean the payment of the sum named as originally offered, and my interference being that Mr. Wood would be given credit at any one of the contributions to the purchase, and as it is a collection that would be practically impossible to duplicate, I trust you and Mr. Sewall and Mr. Field will take it under consideration. I have sent a copy of Mr. Wood's letter to Mr. Sewall and Mr. Field.

Mr. Saltus writes me that he thinks it would be wise to elect the King of Belgium an Honorary Member of the American Numismatic Society. Will you kindly bring this to the attention of the Board at the next meeting ?

Mr. Saltus in his last letter to me says that he will be glad, in the event of his election and acceptance, to have a gold medal struck for him and a handsome case made for it.

Perhaps you had better let Mr. Saltus know the action of the Council in regard to this matter, as soon as conveniently possible.

My dear Mr. Huntington:

I was sorry not to have seen you before you left, as I wanted to speak about the notice of the election of Mr. Saitus as a temporary member, will either you or Mr. Saitus attend to this, or shall I send the notice from here? He was elected by the Council, at the meeting held on April 27th.

An agent for the Encyclopaedia Britannica left a subscription blank with me, which gives the price for the cloth edition \$157.75, and the paper edition \$121.75. I informed you that Mr. Fricourt had said he would buy the paper edition, and that we could have it at the price that was asked at the time this inquiry was made, which was \$120.75 for the cloth and \$121.75 for the paper, so you will be able to take up this offer? I need the book very much.

I will have the Council take some action regarding the distribution of the book, and I will have it over your desk with you, but I will have a chance when I last saw you.

What do you think we should do regarding a vacation for Mr. Savage this summer? The matter was not mentioned when we talked to him, if he said anything to you about it, it might be well for us to know about it when it comes up in the Council.

Do you want me to do anything about the distribution of the Feltton book while you are away? That was spoken about at the last Council meeting, but no action was taken.

Mr. Rich (our janitor and general "handy man") wants more pay, he is now getting \$70.00 per month, what do you think about it? He spoke to me about it in a very nice way, to the effect that living is higher (which I know to my sorrow) and that a raise would be most acceptable if we could give it to him, he made no threat of leaving, or anything of that kind, but said that he was going to stick by us whether anything was done or not, he is an exceedingly useful man, and has been most satisfactory ever since he has been with us, of course the question is, whether the position is worth more than we are paying or not, if it is I would be glad to see him get it, as he is most faithful and reliable, and does things in a very intelligent way.

It is rather mean to bother you with these things while you are away, and I will try to be good and do as little of it as possible.

Every thing is going along smoothly, Mr. Savage is getting away, and I

which he will do very good work, he seems anxious to have every thing right and to do it thoroughly, he is a little too soon to tell just how good his work will be, but I am very well satisfied as far as he goes goes.

Miss Baldwin calls on the 14th, she is getting things pretty well cleaned up now, or certainly is gratifying that things worked out in such a satisfactory manner, without any hard feelings.

With warm regards to you mother, I anticipate, not really, that you will have a most delightful trip, I am,

Very sincerely yours,

By Appointment

Dear Mr. Bolen: I have  
seen Mr. Saltus and he  
Hotel Bristol & I will write to the  
Paris King of Belgium. You will  
be glad to hear that he <sup>(Mr. Saltus)</sup> has generously  
agreed to be one of those subscribing  
\$2500 to the Avery Fund. I will be  
glad to present the Ency. Britan. to the  
Society at \$123.75 as you suggest.  
Nothing was arranged in regard to a  
vacation for Mr. Baile. That is a matter  
for the ~~Board~~ Council I think. I will write

Leave at the Governor's will. The salary  
of the Tutor should be referred to the Council.

With best wishes for a pleasant  
summer.

Yours truly

June 26, 1912.

My dear Mr. Huntington:

Your letter of May 16th was duly received, I am very much obliged for the Encyclopaedia Britannica which has already proved most useful.

I notice that the terms of the contest for the commemorative medal, in 1913 provided that "the original models and dies of which will become the property of the American Numismatic Society". We have received the dies, but not the original models of the medal, would it not be well to ask Monsieur Lavreux to send us these models? We are entitled to them, and they would certainly be an acquisition, I enclose one of the original invitations to compete.

Wiggins has at last published his wonderful study, or a part of it, I enclose an announcement of his work which you may find interesting. The book is not yet out, but is promised shortly, I expect to get a copy.

I think you promised us a copy of the list of numismatic books in the Hispanic Society, there are a few books that I want to buy when I can ascertain if they are not in the Hispanic Library.

Professor Osborn, of the Museum of Natural History, asked me if I could send a copy of the Medallion Catalogue to the National Academy of Science, Washington, I informed him that I had no authority to give away any of the catalogues, but would take it up with the Council, what do you think about it?

Mr. Savage seems to be getting along very nicely, he is not very rapid, but he does things thoroughly as he goes along, and I think he will do very good work.

Things are quiet here, most of the members of the Council are preoccupied by their absence, I am going away for a week or ten days on Saturday, I will take my vacation by installments this year, so as not to be away very long at any one time.

I do not like to hear that Mr. Saltus will be a contributor to the fund started by Mr. Avery, we ought to be able to get the fourth one between now and next January.

I hear frequently from Mr. Saltus, and a few days ago I got a long letter from Miss Baldwin.

Every thing is going along smoothly here, we have had a few donations, but nothing of much consequence.

With kindest regards, believe me,

Very sincerely yours,

September 14, 1912.

My dear Mr. Huntington:

I have not written to you for some time as things have been quiet, and I have had nothing of importance to report, I presume however that our people will begin to return to the city before long, and there will be more going on.

Mr. Saltus sent us some fine medals some time ago, other than that we have not had many donations lately, though a few things have come in from time to time.

Mr. Savage continues to get along very nicely, I think he is interested in his work, and while he is not particularly rapid, he will, no doubt, get the library in good shape after a while. Pehrson punches the time clock with great regularity, and Rich makes himself exceedingly useful. I have had several communications from Miss Baldwin, she is in Paris, working on the coins of Lampsacus, and appears to be in a contented frame of mind.

Giovanni Cariali, the Italian sculptor, has settled in New York, we had some of his work in the medallic exhibition, it was loaned by Mr. Adams, who has a very high opinion of him, he is a painter as well as a sculptor, and when he makes a relief he makes a drawing first, and models from that, I spent an evening looking over his work, he has a large number of medals and plaques, some of which are certainly very beautiful. While he has not as yet made me any direct proposition, I understand that he would like to have his work exhibited here. I could easily empty the three large flat cases in the main room and fill them up with his things, each case contains <sup>SIX</sup> ~~three~~ sections, 21 by 34 inches, which would allow space for a large number of medals and plaques, they could remain for a month or more, and the exhibition announced on the cards for the November meeting. If you think favorably of this please drop me a line.

I understand that Mr. Howland Wood would like the position of curator here, provided of course that the salary would be as much as he is getting in his position at Boston, I have no idea what he would be willing to accept, I think it would be a good thing if we could get him, he is a good coin man, and has done considerable original work, he has studied oriental coins a great deal, and I doubt if there is any one in this country better posted in that line, he is also well up on United States coins, and has much general knowledge, he is a nice fellow and an agreeable man to meet, which is an advantage in a position of that kind. There is a lot of work needed to put the collection in good shape.

I have seen Mr. Hewitt several times, and have looked over his Lincoln catalogue, I see no particular difficulty in putting it into such shape as to make it

a valuable publication, as Mr. Field is still away I have not had the chance to go over it with him, I hope to see him before very long, and if I do not, this is one of those things that will not suffer if it has to wait.

I have hung the Rotary drawings in the way you suggested, and they look very well, I have also made some changes in the arrangement of the medals and plaques in the wall cases, which I think improve things.

With kindest regards, I am,

Very sincerely yours,

Hotel Bristol

Dear Mr. Boston:

Yr. letter has reached  
me and I am glad to hear  
that all is so well with  
the Society. But I do  
not think there is any  
question which calls  
my consideration in these  
your matters. Rather they  
wd. seem in each case  
matters which could

Address by the Council. As  
to a Currier exhibition, I think  
that we depend on the  
value of his work - which I  
do not know, but which  
you have before you.

With cordial regards to  
you and all our friends,

Dear Mr. Belden:

Doct. Prof. Serafino Ricci of Milan (Via Statuto 25.) says he has not received a copy of the "Catalogue" of the Exhibition. I think it may have been forgotten. Will you send him one if there is no objection? He writes me of Coriati also and speaks most highly of him. Best wishes to all.

November 22nd, 1912.

My dear Mr. Huntington:-

I am very glad to hear that you are home again, and trust that you had a pleasant trip over.

The Council decided to have an exhibition of Carliatti's works in December, and I am expecting his things up here in the course of a few days. I will be glad of a chance to talk it over with you when it is convenient.

Hoping we will have the pleasure of seeing you here very soon, I am,

Very sincerely yours,

December 2nd, 1912.

My dear Mr. Huntington:-

If convenient to you I would like to call a Council meeting for Saturday afternoon, December 7th, as there are several matters that I want to bring up. If this would be convenient to you, would you kindly let me know to-day if possible.

Very sincerely yours,

December 3rd, 1912.

My dear Mr. Huntington:-

I find on consulting the minutes of the Council that on April 27th, 1912, His Majesty Albert I, King of the Belgians was elected an Honorary Member of this Society on the nomination of Mr. William F. Csgood Field. This nomination was made at the request of Mr. Saltus, who was abroad at the time.

Mr. Saltus telephoned me that he has ordered a gold membership medal for the King of Belgium.

As I informed you yesterday, he has not been notified of his election, as I understood either you or Mr. Saltus would attend to that while in Europe.

I sent out notices for a Council meeting on Saturday, and presume you have received yours before this.

Very sincerely yours,

Decemter 9th, 1912.

Mr. Archer M. Huntington,  
1033 Fifth Avenue,  
New York.

Dear Sir:-

A meeting of the Committee appointed on Saturday to draw up a notice regarding the change in the Journal will be held here on Thursday, December 13th, at 4 P. M.

Very truly yours,

Secretary.

I talked over the telephone  
with Mr. Waterbury who has  
been most helpful in the  
matter of the proposed curatorial

most encouraging reports in  
regard to him. I would sug-

one of our meetings, perhaps  
with the object of reading a

December 28th, 1912.

Dear Mr. Huntington:-

I have received the translation of the announcement of the Fabelon book together with your note about having it set up as a circular.

Is it your idea that this circular should be on a large sheet like the original French circular, and contain a copy of the title page, or that it be printed on a smaller sheet, and as regards the title page should this be translated, or printed in French? It has occurred to me that, if we give the title page in English, some people receiving the circular might think that the entire book is English.

Would you make any attempt to match the paper used on the French circular, or use a lighter paper?

Very truly yours,

Dec. 27, 12

Dear Mr. Belden

I think the circular shd. be independent - as to form paper and type, and a mention of the fact that the book is in French is made.

Yrs. truly

Dear Mr. Belden:

As you know I have received from  
Mr. Sallis \$2500 as his subscription  
to the Avery fund. Can you tell me  
what has been done in this matter?

Yours very truly

Richard Huntington  
Dec. 29, 12.

December 30th, 1912.

Dear Mr. Huntington:-

I have your letter of December 29th regarding the Avery fund.

As this now stands we have three of the four needed subscriptions of \$2500 each. .

I have mentioned this in the report of the Council at each meeting of the Society since Mr. Avery's offer was made, and this has been printed in the bulletins of the various meetings.

We have talked it over in the Council on a number of occasions, but that is all. No action has been taken regarding an appeal for the money, and I do not know whether any individual member of the Council has done any missionary work or not.

Mr. Avery agreed to hold his offer open until the first of the year, but he probably would give us more time if needed.

Very truly yours,

January 10th, 1913.

Dear Mr. Huntington:-

I have received a letter from Mr. Field, from which I quote the following:-

"I regret very much that it is impossible for me to preside at the Annual meeting of the Society on the evening of Saturday, January 18th, as an engagement at home which is very binding prevents my doing so. I did not realize that the Annual Meeting was to be on the eighteenth!

It is hardly fair to appoint a man to this work when he is not present, nevertheless, if it were possible, I should have done so.

Can you not preside at the Annual Meeting and deliver the address? Mr. Brown officiated last year and Mr. Parish the year before and as the Governors are supposed to preside in rotation, and Mr. Field is unable to do so, you and Mr. Adams are the only ones left.

Please let me know as soon as possible if we can count on you, as the meeting is only eight days off.

Very sincerely yours,

January 10th, 1912.

Dear Mr. Huntington:-

Enclosed is a carbon copy of a letter that I have  
just mailed to you at 81st Street.

Very sincerely yours,

January 14th, 1913.

Dear Mr. Huntington:-

Mr. Howland Wood will be over here on Saturday, and I expect will be here with me the most of the day, and will stay over for the annual meeting on Saturday evening. Would it not be a good scheme for you to have a talk with him sometime during the day, and then perhaps we can discuss the matter at the Council meeting before the annual meeting.

I have requested Mr. Adams to preside at the annual meeting, and he says that it is impossible for him to do so, so we are rather up a tree. Can you not reconsider your decision and help us out? As far as the address goes that need not be anything at all elaborate, and I am sure you could make a few remarks that would be very interesting without any preparation at all.

Very sincerely yours,

January 14th, 1913.

Dear Mr. Huntington:-

I enclose herewith a carbon copy of a letter that I have just mailed to you at 81st Street.

Very truly yours,

January 31, 1913.

Dear Mr. Huntington:

I enclose herewith a copy of a letter that I have just received from Mr. Howland Wood, in reply to my letter informing him of his appointment as Curator. This appears to settle that matter, and I am very sure that Mr. Wood will do good work for us.

Very truly yours

February 3, 1913.

Dear Mr. Huntington:

I enclose herewith a statement of the Journal account for 1912. The bills were approved by the Council on Saturday.

Mr. F. P. Adams called me on the 'phone this morning, and suggested that the payments for the subscription to the Numismatist be made each month, so that if the Society should see fit to withdraw at any time it could do so without any complications. I think this is an exceedingly good idea, it will give us a much better hold on it than if we paid a year in advance.

Mr. J. W. Ceballos, who died suddenly on Saturday, was a son-in-law of Mr. Hewitt, he was also a life member of the Society.

Very truly yours,

February 5th, 1913.

Mr. Archer M. Huntington,  
1083 Fifth Avenue,  
New York.

Dear Sir:-

I take pleasure in informing you that the Governors have appointed you a member of the Committee on the Library, of which Mr. William F. Osgood Field, 345 Fifth Avenue, New York, is chairman, and Mr. Daniel Farish, Jr., 13 West 48th Street, New York, the other member.

Trusting that this will be agreeable to you, I am,

Very truly yours,

Secretary.

Dear Mr. Huntington:-

I enclose herewith one of the circulars of  
the Foreign Book, and trust that it will meet with your approval.

Very truly yours,

March 26th, 1913.

Dear Mr. Huntington:-

Your letter of March 25th with check for twelve hundred dollars has just been received. Both Wood and I are delighted that the purchase of the Chinese collection is now assured. I have written to the other subscribers requesting that they pay up, and will send the amount to Pamsden in the course of a few days.

I have just received a subscription for the Babelon book from Mr. Waterbury, and another from Mr. Charles Allis, of Milwaukee. The copy No. 1 I have had bound for our library. Would you like me to save No. 2 for you, or shall I send it to Mr. Adams, whose subscription was the first received?

Very truly yours,

Dear Mr. Huntington:-

I have just received a letter from Mr. Avery in which he gives his consent to having the fund started with the amount already subscribed, and informs me that he will pay his subscription after the first week in April.

This will enable you to turn over your subscription and the money that you received from Mr. Saltus any time you feel like it.

This is the best way of managing this, and I am very glad that it has worked out so nicely.

Very truly yours,

March 27th, 1913.

Dear Mr. Huntington:-

I enclose herewith a statement of the Catalogue Account to the present time, in which you will see that after paying the subscription of \$400.00 to the fund for the purchase of the Po Collection, there still remains a balance of \$52.75.

The catalogues were sold at \$10.00 each and \$9.00 to dealers. The uneven amount is caused by various foreign drafts not coming out in even money.

I can, if you want it, give you a detailed list of the sales, and I have all the vouchers for the money paid out, which I can also let you have if you want them.

Dear Mr. Hollister:-

Your letter of March 27th with check for five thousand dollars has just been received, and I have forwarded the check to Mr. Fryer to be deposited with the permanent funds.

When Mr. Avery's subscription comes in we will have over ten thousand dollars which should be invested, and this I will consider the matter at the next Council meeting.

So far I have four subscriptions to the Pabelon book.

M.D.CCCC.XII

THIS very sumptuous Collection comprising two hundred unpublished Napoleonic medals is in reality the Medallie History of the Emperor, prepared by the Department of Ancient History and Literature of the French Institute (la Classe d'Histoire et de Littérature ancienne). The drawings for these medals were done by two members of the Institute under the First Empire:—Chaudet, the great sculptor of the statue that once topped the Vendôme Column, and Baron Lemot, the author of many still famous works of sculpture.

The Department of Ancient History and Literature of the Institute, which to-day bears the name of l'Académie des Inscriptions et Belles-Lettres, had undertaken to compose a history of Napoleon in medals, as the old Academy had done for Louis XIV. The committee to which it entrusted the work, subject to its own personal supervision, of preparing these medals by drawing and by engraving on metal, set to work in 1806, and labored unremittingly until 18 February 1814, that is, up to the morrow of the glorious battles of Champaubert, Montmirail, and Château-Thierry, in which the Emperor supported by a handful of heroes struggled alone against all Europe in coalition.

At that time the Medallie History, consisting so far in the preliminary drawings and their letter press, had been brought down only to 1910, that is, to the medals of Napoleon's marriage to Marie-Louise, and to the reunion of Holland to the French Empire. That, accordingly, is the point at which the present Collection stops, for it was never completed. The two hundred medals thus prepared by the Institute did not reach the stage of being engraved in metal. That is the reason why they are unpublished, and they must therefore not be confounded with the several thousand Napoleonic medals struck at the Paris Mint and elsewhere, or simply invented by private individuals, with none of which had the French Institute anything to do.

Nevertheless, our collection of designs for the medals destined for the official history of the Empire, make a volume such as would have been produced, had time and events suffered the Academy to finish its enterprise and carry it to the point of engraving in metal. These drawings by Chaudet and Lemot, which were executed with the engraving of the dies in view, and were accompanied with the explanatory text furnished by the Academy's Committee, whose chairman was Baron Dacier, have in the present work the additional advantage of a commentary by Monsieur E. Babelon, which in large part is derived from the archives of the Institute. A historical introduction of sixty folio pages relates the history of the Académie des Inscriptions under the First Empire and the part taken by it not only in the preparation of the Medallie

History, but in inditing the lapidary inscriptions intended for public monuments, such as the two Triumphal Arches of the Étoile and the Carrousel.

This admirable and impressive series of designs for medals contemporary with the events commemorated by them, and destined to be engraved in metal and then struck, present Napoleon in the light in which he appeared to the men of his time, as soldier, lawgiver, executive. The Academy's Committee begin their medallie history with the Return from Egypt and the 18th Brumaire. The first medal, which was designed by Lemot, shows a bust of the Emperor, facing, in antique garb, surrounded by rays of the sun, with the legend, ORIENS, "The rising sun"; the reverse shows Bonaparte landing at Fréjus, which type is surrounded by the inscription, EXPECTATE, VENI. Then come the medals that relate to the great creations of the Consular period, which form to this day the base of our present system of government, for the work of Napoleon, which modernized the world, still lives; Creation of the Senate, of the Chamber of Deputies (le Corps législatif), the Council of State, the Prefectures, the Bank, the Cour des Comptes, the Bourse, the Commercial Court, the Monetary System, System of Weights and Measures; the Recall of the Émigrés (civibus patriae redditus), the Concordat, the Civil Code, the Real Estate Survey (le cadastre), the Administration of Forests, the Establishment of Colleges (lycées), the founding of the University, the creation of the Louvre Museum, the location of Cemeteries outside of Cities. Our eyes, charmed and dazed, become the witness day by day of the prodigious activity of this extraordinary man, displayed on the medals destined to commemorate the creation of our system of highways and canals, the enlargement of our ports (Antwerp, Cherbourg, Dieppe, etc.), the beautifying of Paris, the building of four new bridges and of great streets like the Rue de Rivoli, the erection of the two Triumphal Arches, the construction of the Abattoirs, public markets and sewers. We will further cite the medals that recall the measures taken by the Emperor for the drainage of the marshes in the West, the planting of sea-pines on the coast of Gascony, etc. As to his military activity, that is too familiar to the minds of all to make it necessary for us to adduce the medals commemorating the victories of the French eagles, the entries into the various capitals of Europe, the treaties imposed on defeated enemies, the creation of Kingdoms such as those of Italy, Bavaria, Wurtemberg, Saxony, Westphalia, the creation of the Confederation of the Rhine, the reorganization of the Swiss Cantons. The very legends on these medals are suggestive. When the subject is the treaties of peace concluded with such countries as England or Russia, we read these words encircling the type, PAX CUM ANGLIS or CUM ROXOLANIS SANCITA; when the German Empire or Prussia are in question, PAX GERMANIS DATA; PAX

BORUSSIS DATA. The medal of the erection of the Temple of Glory (Église de la Madeleine) bears the inscription, GLORIAE EXERCITUM. After the taking of Berlin, Napoleon receives delegates from the German universities and reassures them as to their fate, whence the medal, NON BELLA CUM ARTIBUS. When the Vistula has been crossed by the Emperor, the Academy, like all Europe, carried away by enthusiasm and admiration, produces a medal with this legend, QUO NON CAROLUS MAGNUS, "farther than Charlemagne."

These few examples chosen at random suffice to make clear the absorbing interest and historical importance of this new and unpublished collection which we now offer to the public. We will say nothing of the artistic aspect, the illustrious names of Chaudet and Lemot being a sufficient recommendation in the eyes of all cultivated persons who are friends of art.

A folio volume of LX, 430 pages printed in three tones: a special border for every page printed in grey, the medals printed in bistre, the text in black, garnished by numerous tail pieces.

Two hundred numbered copies printed for The American Numismatic Society, Price, \$20.

Subscriptions should be sent to the Society, Broadway at 156th Street, New York.

Dear Mr. Bilden:

The seal of the Society  
should be on this and it  
might have been well to  
make the size conform to  
that of the book's page.

Yrs truly,

G.W.H.

April 9th, 1913.

Dear Mr. Huntington:-

I received the dies from Fuchs this morning. They were sent up late yesterday afternoon, and delivered by mistake to the Hispanic Society. I tried to catch you when you were around this morning, but was not quick enough, and then I sent a message over to the Hispanic Society that the dies were here, but I found later that you did not receive it. Mr. Fuchs has sent the dies, hats and a large cast model. I notice that the die lacks the inscription which is on the hat. I also notice that the date is 1911.

Very truly yours,

April 11, 1913.

Dear Mr. Huntington:

I am sending you the dies of the Vorgan medal as requested, I presume you do not need either the hubs or models, should you want them please let me know.

Very truly yours,

April 15th, 1913.

Dear Mr. Huntington:-

I have just received an estimate from the Medallic Art Company for striking the Fuchs medal, silver, in lots of fifty, nine dollars and fifty cents each; in silver, in lots of one hundred, nine dollars; bronze, in lots of one hundred, one dollar and seventy five cents; in fine gold at the rate of twenty five dollars per ounce plus ten dollars for striking and finishing.

Mr. Weil informs me that the dies can be softened, and whatever inscription is desired put on and the dies hardened at a cost of thirty dollars, but also informs us there is always a slight risk in crack- ing in rehardening the dies, but that is something that very seldom happens. Mr. Weil was here and saw the dies on Saturday afternoon.

Very truly yours,

April 17th, 1918.

Dear Mr. Huntington:-

As no one has come forward and expressed a strong desire to share in the donation of the collection of medals of the French Revolution of 1848, I have asked Mr. Wood to enter it in the accession book as a gift from you and Mr. Salts, and I will so report it at the meeting on Saturday.

Of the two hundred dollars that we pay for it, I have received fifty from you and fifty from Mr. Salts, the remaining hundred you promised me in case it should be needed, and I would be glad if you would let me have it at your convenience so that the matter can be settled up.

Very truly yours,

April 23rd, 1913.

Dear Mr. Huntington:-

At the Council meeting on Saturday a committee consisting of the Treasurer, Mr. Huntington and Mr. Adams was appointed to invest the money belonging to the permanent funds, which is now on deposit, amounting in all to \$11,160. I have written Mr. Pryer, and suggested that it would be well for him to meet the other members of the committee in the near future.

Very sincerely yours,

April 28th, 1913.

Dear Mr. Huntington:-

Mr. Saltus has expressed a desire to have four of the Vordan medals struck in gold, at his expense, to be presented by the Society to the Kings of Belgium, Italy, Portugal and Spain, who are Honorary Members of the Society. This is, I presume, a proposition to be submitted to the Council rather than to the Medal Committee. I will, however, notify Mr. Waterbury of it, and it can be brought up for action at the proper time.

Very truly yours,

Dear Mr. Belden:

Mr. Adams is now ready  
for the list. Will you  
please telephone him as  
soon as possible for in-  
struction as to where they  
should be sent?

Yours truly

Archer M. Huntington

April 30th, 1913.

Dear Mr. Huntington:-

I wrote Mr. Pryer, some days ago, that the Council had appointed the Treasurer, Mr. Huntington and Mr. Adams a committee to invest the money belonging to the permanent funds, and suggesting that he confer with the other members of the committee as soon as possible.

I have received a letter from him, from which I will quote the following:-

"Let me know when your committee has selected the securities and I will send you the money."

The uninvested permanent funds are as follows:-

Life Membership Fund	2203.50
Edward Groh Memorial Fund	1456.50
Avery Fund	7600.00
	<u>11,260.00</u>

The additional hundred dollars in the Avery Fund is a contribution from Mr. Edward C. Adams. Mr. Browne and Mr. Watertbury have each subscribed the same amount, so we will soon have two hundred dollars more.

At the last meeting of the Council I was directed to notify the members of this fund and ask for contributions. At Mr. Watertbury's suggestion, I am doing this by letter instead of a printed circular. I am getting these letters off as rapidly as Miss Feilly can write them. I have sent about seventy five so far, and hope to finish them by the end of the week. We may, therefore, have some money soon.

Mr. Adams informs me that The Whitehead & Hoag Co. will send for the Vorgan dies this afternoon.

Very truly yours,

Dear Mr. Balder:

You are quite right about the original dies and the best way will be I think for you to write Dr. Weiss a polite letter suggesting their being sent to the A.N.S.

As to Higgins book I can only guess at its nature from the publishers announcement.

As to The List of the Numismatic books I will write about them to the Librarian.

As to the Medicinic Catalogue  
for the Nat. Acad. of Sciences  
that is a matter for the  
Council.

It is a pleasure to know  
that Mr. Savage is doing  
(as I felt he would) so well.  
With best wishes for a  
pleasant holiday -

Yours very sincerely

My dear Mr. Belden:

In reply to your letter of April 30th, I would be very glad to take up the matter of the investment of permanent funds at any meeting of the Committee, or at a meeting of the Council, whenever that may be called.

I would suggest that a meeting of the Council be called very shortly.

I enclose herewith a communication, that came to hand a day or two ago, regarding some Spanish medals. The writer of the letter called me up on the telephone, and gave me to understand that these medals were considered by the owner to be of great value, and would be sold if the price was correspondingly large. I informed her that I had sent the list to you.

May 14th, 1913.

Dear Mr. Huntington:-

I went to that book sale on Saturday and bought over three hundred and fifty volumes of old journals at an average cost of about half a dollar each, also thirty books and a few pamphlets at very low prices. I spent in all \$41.00. I had expected to get some books, but they were rather scarce than I thought they would, and as I was on my toes for papers I let them alone.

I am anxious to have a talk with you, regarding the proposed exhibition of U. S. coins, when you can spare us a little time. We have constituted the Committee on Coins and Exhibitions, and as there will be a lot to be gotten up for this exhibition, we want to get to work on it soon.

Mr. Silliman sails next Tuesday.

Very truly yours,

July 14, 1918.

Dear Mr. Huntington:

I returned here on Saturday, after nearly three weeks in the country. I will take the balance of my vacation later.

A while ago Pearson went all to pieces, he was in no condition to continue his duties as night watchman, and as it was too late in the season to get a quorum of the Council, I had to act on my own judgment in the matter, which I did, after consulting with Doss and Browne.

I have sent Pearson off for a month, to see what a little rest will do for him, and employed a new night watchman, to whom I am paying fifty dollars a month. I got a man whom I have known for a number of years, and as an additional precaution, I have put him under bond (\$1000.00). The bond is given by the U. S. Fidelity & Guaranty Co., and cost me two dollars. His duties expire for a month, when Pearson gets back, which will be early in August, we will have to see if he is in condition to take hold again, which I think is exceedingly doubtful, and if he is not, then the question will be what we can do with him. I suppose we might find some work that he could do, but we could hardly create an entirely unnecessary position for him and continue paying him sixty dollars a month, with his house rent, light and heat thrown in. I suppose it will be a couple of weeks before I can get a quorum of the Council together, and I would like very much, in the meantime, to know if you approve of what I have done so far, and to have your ideas as to the best course to pursue in the future. We can hardly turn him off altogether, as he is in no condition to get other work and is not in a position to live without getting some sort of an income. I do not feel that I have any right to obligate the Society to any permanent arrangement, but I will have to get along somehow until the matter can be taken up and decided.

Things here are going along smoothly. Mr. Sawyer has completed his set of thirty one medallion portraits of Indians, and is now in New York with them. Mr. Adams has given the Society a set, which makes an exceedingly interesting addition to our collection, some other donations have come in, but nothing of very much importance.

Within the next few days I will get up a report to the members of the Council, in which I will state what I have done regarding Pearson, as Miss Reilly went on her vacation last Saturday. I have to do my own typewriting, so it may

take me a little longer to get out this report.

Mr. Wood continued to get along very nicely, he was away for a week to get married and got back on June 23d, he and his wife have rooms on 162d St. they are planning to take an apartment somewhere in the neighborhood as soon as they find something satisfactory, he is getting the collection in good shape and doing most satisfactory work. Mr. Savage is also getting on very well, he expects to sail for Bermuda on Wednesday and stay there a month.

Whithead & How have had considerable difficulty with the various details, they are still working on it and have not, as yet, delivered any details. Mr. Waterbury is in Europe, but Mr. Adams is still in the city and is looking after it, the circumstances are in some extenting the date. As soon as I know when we will be able to deliver the details I will have them printed and sent out.

Very sincerely yours,

September 11th, 1913.

Mr. Archer M. Huntington,  
c/o Messrs. Morgan, Harjes & Co.,  
31 Boulevard Haussmann,  
Paris, France.

Dear Sir:-

At the meeting of the Council, which was held yesterday afternoon, but four members, Messrs. Brown, Fryer, Newell and myself, were present, which was one less than a quorum, therefore, positive action could not be taken on the questions relating to the proposed exhibition of United States Coins, which were explained in my report on September 3th, a copy of which was mailed to you.

The members present however, discussed the matter quite thoroughly in an informal way, and it was their unanimous opinion that the details should be referred to the Committee on Papers and Exhibitions (which consists of Archer M. Huntington, Chairman, Edwin L. Felsner and Cowland Wood) with full power.

As it is quite necessary that this be decided promptly so as to enable the Committee to progress with the work, it was suggested that I write to each Member of the Council, who was not present, and ask his views regarding this proposition, and should I receive a favorable reply from a majority of the Council, the Committee should then go ahead with the arrangements, the same as if a resolution to that effect had been regularly adopted at a meeting.

I would, therefore, request that you advise me to your views on this question at your earliest convenience.

Very respectfully,

Director.

November 18th, 1913.

Mr. Archer M. Huntington,  
15 West 81st Street,  
New York.

Dear Mr. Huntington:-

I am very glad to hear that you are back in New York, and hope to have the pleasure of seeing you very soon.

We are getting on nicely with the preparations for the exhibition, a number of exhibits are already here and more are expected within the next few days.

As you, Mr. Wood and I constitute the Exhibition Committee, we are anxious to talk over a number of things with you, and to explain what we have done so far.

Your letter from Paris with cheque for \$5000. Mr. J. S. Salts, was duly received and presented to the Council at the meeting on Saturday, also announced at the meeting of the Society. The Council will have to take up the details later, and I want to arrange for an early meeting, at such time as will be convenient to you.

I enclose a letter that I wrote to you on October 31st but did not send, as I was informed that it probably would not reach you before you left Europe.

Very sincerely yours,

Paris, 4 December, 1918.

Sir:-

We have the pleasure to inform you that the works of the artist, Victor Canale, are of such a nature that they might interest you, and we shall be very glad to send you a portfolio containing, under cover, a selection of his works. We shall be very glad to hear from you should care to comply with our proposition.

Yours very sincerely,  
Victor Canale.

Dear Mr. Huntington:-

I telegraphed to Granter, yesterday, and received a reply from his office manager to the effect that he was away, but would return on Sunday, and be gone for a few days only. It seems important, therefore, that I should see him, and make sure that we get his exhibit and get it in time, otherwise we might slip up on it, and it is probably the most important thing in the whole exhibition, and therefore, I am starting to Chicago this afternoon and will be back as soon as I can.

I have received the Burglary Insurance Policy, and have left it with Mr. Wood. I would very much like to have you take a look at it if you can find it convenient to stop in within the next day or two.

I enclose a communication regarding some Roty drawings that has just come in.

New York.

Dear Mr. Huntington:-

Mr. Waterbury has requested me to notify you that a meeting of the Committee on the Publication of Medals will be held here at three o'clock tomorrow, January 17th, to consider the annual report of the Committee.

Very truly yours,

Secretary.

February 13th, 1914.

Dear Mr. Huntington:-

I am sending you, under separate cover, a copy of the Society's Proceedings for 1888-92 which contains the history of the Society up to that time, also the little history of the Society that was gotten up in 1910.

I am hoping to have the cards for the exhibitions in time to show them at the Council meeting to-morrow.

Everything here is going along nicely. While we have not any very big crowds, the few that have come appear to be interested.

Very truly yours,

My dear Mr. Belden:

When the Numismatic Society's Constitution and By-laws were recast, do you recall whether an amended copy of the Constitution was forwarded to the Secretary of State? If not, let us know at your earliest convenience, as this should have been done.

Very truly,

Dear Mr. Huntington:-

Replying to your letter of February 26th I would say that the revised Constitution was adopted at the annual meeting, January 17th, 1910, and as it contained a change in the number of Directors, (Members of the Council) it was necessary to file a certificate of such change, which was attended to by Mr. Weeks. The minutes of that meeting contain a resolution directing the proper officers of the Society to sign this certificate. I do not believe that any copy of the entire Constitution was filed either with the County Clerk or with the Secretary of State, and we understood at the time from Mr. Weeks that a certificate of the change in the number of Directors (Members of the Council) was the only thing necessary to file.

Dear Mr. Huntington:-

I had Mr. Field and Mr. Drowne on the phone yesterday afternoon after you called me up, and they promised to attend the Council meeting on next Thursday afternoon. I later saw Mr. Bond, and he also promised to be on hand. I therefore sent out the cards for the meeting this morning.

I tried to get you on the phone this morning, but without success.

Very truly yours,

Enclosure

November 20th, 1914.

Dear Mr. Huntington.

I told Miss Scilly to make out the cards for the Council meeting next Thursday, and she gave me the surprising information on the 14th that next Thursday is Thanksgiving Day, which is something that neither of us thought of. I accordingly have not made out the cards. It might be as well, therefore, to put off the meeting to the week following, and I will call it for any afternoon that may be convenient for you, if you will kindly let me know.

Very sincerely yours,

Nov 22. 14

Dear Mr. Belden.

Dear Mr. Huntington:-

I have your letter of October 12th and a copy of the letter sent to Professor Libbey. I would be glad to furnish Professor Libbey with any information possible. I have met him, by the way, on several occasions.

I sent out notices today for a Council meeting for three o'clock on Friday, October 22nd. I hope you will be in town at that time, and be able to attend the meeting.

With kind regards, I am,

Very sincerely yours,

October 27th, 1913.

Mr. Archer M. Huntington,  
10 West 31st Street,  
New York.

My dear Mr. Huntington:-

I enclose herewith the minutes of the Council meeting held last Friday.

As to Mr. Smith's motion, concerning a change in the Constitution, this, as I understand it, simply provides for bringing the matter before the next meeting of the Council in such shape that the Council will have a definite proposition to consider, that may go to the annual meeting in shape for action, should the Council act favorably upon it.

Before acting on this, it is the desire of the members of the Council to ascertain your views on the subject. If an announcement is to be made upon at the annual meeting, it will have to be presented at the regular meeting on Wednesday 11th, and we should have a Council meeting between now and then, to discuss this question. I will arrange a meeting for such time as will suit your convenience, as your presence is of the greatest importance.

Believe that you will agree to not get us before long, and with kindest regards, I am,

Very sincerely yours,

November 22nd, 1915.

Mr. Archer H. Huntington,  
15 West 81st Street,

My dear Mr. Huntington:-

Dr. Koss requested that the Society appoint seven delegates to represent it at the unveiling of the Joan of Arc Statue on December 6th, and at the meeting held last Saturday afternoon, the following were appointed:- Messrs. Edward T. Howell, Archer H. Huntington, John McIlroy, Jr. and Elliott Smith.

Trusting that this will be satisfactory to you, and with kind regards, I am,

My dear Mr. Huntington:-

Your check, in favor of the Society for \$624.00, to cover the painter's bill, received this morning.

The alterations, painting and repairs, found necessary with the improvements, are entirely completed in a most satisfactory manner.

The final account is as follows:-

Masonry, plastering, etc.	-	1925.71	
Less materials returned,		<u>14.43</u>	1211.28
Painting	- - - - -		624.00
Carpenter, changing cases for doorway in south wall,			\$3.73
Nat. Dist. Tel. Co., changing position night watch box in south wall,-	- - - - -	<u>9.44</u>	1270.75
Credit. Your check for masonry,		1035.71	
Your check for painting,		<u>624.00</u>	<u>1660.71</u>
Balance due	- - - - -		\$ 21.14

I have paid all these bills, but enclose those you have not seen for your inspection. Please return them for our files.

May I ask for your contribution for the Journal? We have gone ahead as rapidly as possible, and have paid out \$1100 from our general fund for the Journal account. This leaves us a bit uncomfortable with but \$268.00 in the treasury. Can you send me the \$2000.00 now, and add to it the balance of \$21.14 to close the special account above?

Increased activity and enthusiasm are manifest already? We should show some good constructive work before long.

January 4th, 1917.

To the Committee on Papers and Exhibitions.

Mr. Archer M. Huntington,  
15 West 51st Street,  
New York.

Dear Sir:-

The Annual Meeting of The American Numismatic Society will be held Saturday afternoon, January 20th, at which, according to our By-Laws Chapter VI, Article 3, the Chairman of your Committee will be called upon to present a report in writing concerning the activities of your Committee. This Annual Meeting is the first one since the inauguration of the new regime. We therefore wish to make the meeting an eminently satisfactory one to our entire membership. Nothing can be accomplished without the whole hearted co-operation of all.

The staff in the Society's building have devoted their energies and time to the furtherance of the Society's affairs and interests. The Society now looks forward to receiving a report of your Committee.

Seven months ago at the Spring general meeting of Committees, minute books and suggestions were furnished each Committee. If you have nothing definite to report, refer to your minute book and at least give us a digest of your minutes and discussions. Perhaps your report has already been drawn up. In any case we would ask you to hand it in not later than the thirteenth of this month in order that we may be aided in the arrangement of the programme of the Annual Meeting.

If you are the Chairman of your Committee, please turn your attention to this matter at once as it is imperative that a written report be presented at the coming meeting.

If you are not the Chairman, will you not get in touch with him immediately as the time remaining is very short.

We wish to emphasize again that all the resources of the Society - everybody and everything in the building - are at your immediate disposal.

Can we help you ?

Your Committee is composed of

Mr. Hanson L. Balson, 847 Jersey Avenue, Elizabeth, New Jersey.  
Telephone, Elizabeth 473 W.

Mr. Howland Wood, c/o The American Numismatic Society, New York.  
Telephone, Audubon 2424.

Hoping to see you, or at least hear from you, on or before the 13th, I remain,

Yours very sincerely,

President.

January 17th, 1917.

Mr. Archer M. Huntington,  
15 West 81st Street,  
New York City.

My dear Mr. Huntington:-

Enclosed is a report of the Committee on Papers and Exhibitions, of which you are Chairman.

We have taken the liberty of drafting this report here, because your Committee has been quite inactive, and we have assumed ourselves better informed on these matters than your Committee.

As the time before the Annual Meeting is very short, if you approve of this report, kindly sign it as Chairman and return to us.

We expect very profitable meetings of Council and Society on Thursday and Saturday, and would appreciate your presence.

Yours very truly,

Treasurer.

NEW YORK,

April 2, 1917

My dear Mr. Reilly:-

In regard to the printing press I find that this does not, like almost all else in the building, belong to The Hispanic Society of America but was brought from my place at Baychester to be used, if possible, at the Society. It was found impracticable to use it. It evidently belongs to me personally and I take pleasure in presenting it to The American Numismatic Society.

Regarding the furniture it is possible that the same construction as to my ownership might be reached but, as there might be doubt, it will be better for The American Numismatic Society to buy it at the price named \$4 per case. The Treasurer's cheque for the cases received may be sent to me drawn to The Union Trust Company, Assistant Treasurer, at your convenience.

Yours very truly

If that is so, would you not prefer that the acknowledgment be sent by you, or that an acknowledgment in addition to our formal one be sent? If you do not desire to do this, will you let me have the correspondence in the matter as we are at a loss in describing the reproduction, and the only information we have received from the Duc de Loubat is a blank sheet of his note paper accompanied by his visiting card and the bill of lading of the American Express Company.

or a suggestion.

We are planning to open our exhibition of  
the insignia and uniforms of the men in the service  
of the United States from August 1. Our visitors  
frequently complain of the difficulty they have in  
locating our Society. We have no direct approach  
from the street, and, as we anticipate a large at-

sign must be given careful thought. Please let us  
have your suggestions.

The representatives of the newspapers are to come Thursday afternoon.

In addition to a complete set of the Order of Honor and Merit of the Cuban Red Cross, which arrived very opportunely, we have another piece of considerable interest in the form of the Confederate half dollar, only two copies of which are known. This was received as a gift from Mr. Saltus yesterday.

I beg to refer to you the enclosures which were received by us yesterday. If you consider the matter one which should come to the attention of the Governors, will you kindly present it at their next meeting. In any event will you suggest or direct a reply which should be made to this offer.

Mr. Wood and I are both of the opinion that we can hardly expect a favorable response from Mr. Saltus in this matter - do you think there would be any possibility of our interesting any one else, Mr. Frick for example?

## *Extract from Minutes.*

Referring to Numismatic Notes and Monographs, Mr. Newell reported that Mr. Huntington had decided that when necessary, these are to be printed without the marginal lines, but the convenient pocket size is to be retained. The Council was much gratified at this decision, as the reduced cost of printing in the new format will enable us to increase the number of issues per annum.

Mr. Huntington's generosity in furnishing us with the means of putting out this valuable publication was again commented on.

MOVED, SECONDED AND CARRIED,  
that the hearty thanks of the Council be extended to Mr. Archer M. Huntington for this latest of his many generous gifts to the American Numismatic Society.

The Council realizes that in providing for the immediate publication of "Numismatic Notes and Monographs", Mr. Huntington has opened educational and other possibilities for Numismatists, the advantages of which he has for a long time foreseen.

The Staff and those specially intrusted therewith approach the work with enthusiasm and the confidence that the influence of the new publication will be of increasing value throughout the entire Numismatic World.

Dear Mr. Reilly:-

I see no objection to using another color for the issues of the Mumismatic Notes and Mono-graphs, but the general form of cover should be the same as that used by the other Societies. Perhaps if you should get some designs for this we could talk it over together.

I am delighted to hear that Mr. Newell is returning. Please give him my kindest regards.

Dear Mr. Huntington:

In talking with Dr. Bailey recently, he mentioned that you had let fall a remark that you had been scouring the country for illiterate men and boys training in Spanish. There has been, of course, although with a great deal of hesitancy, no trial in your direction a young man of present latencies of the Eastern Institute of Fine Arts, whom I have known for some time. It was very during my recent visit to Boston, that I learned that he had had three years or more of Spanish. He received his literary training in the Literary School at Albany, and I do not doubt that the Director of that institution could give you full information as to his ability.

Mr. Thomas L. Dunn is a graduate of Cornell. He is of a quiet, unassuming bearing, but well under thirty I should judge. His literary is in exceptionally fine order and he has developed it considerably considering the meagerness of funds he enjoys. As with such qualifications, however, the salary paid him is small, and he confided to me that he was looking for a larger opportunity.

I think Mr. Dunn would be glad to come to New York for an interview, should you think that desirable.

Very respectfully yours,

Secretary

NEW YORK, June 1, 1920.

My dear Mr. Noy:-

Many thanks for your letter and for the spirit of coöperation which prompts it. If Mr. Dunn is really equipped in spanish, it would be well worth while to arrange to have him tell me something of himself and his work. Of course the head librarian would require more than three years of spanish and would have to be a hispanist of some distinction in his field, as you can readily see. Under these circumstances, I can only leave to your judgement the decision as to whether or not Mr. Dunn should come to New York for such a conversation.

Again many thanks,

Yours truly,

*Frederick W. Huntington*

same high order as his work in the library, of which I  
can speak with knowledge and warm praise.

Dear Mr. Huntington:-

At a meeting of the Council of The American Numismatic Society held August 19th, after the reading of the report of your gift of more than two hundred fifty volumes of dictionaries, glossaries and lexicons, it was unanimously voted "that a record of this gift be made a part of the minutes of the meeting of the Council, and that the Secretary be instructed to communicate to Mr. Huntington the appreciation of the Council for this very important addition to our Library".

This morning we received in addition the two cases of books comprising the publications of the British Museum, Metropolitan Museum of Art and a number of other volumes of which a list is enclosed. There is a long way toward the realizing of an ambition we have set for our Library - we are hoping to make it so far ahead of any other numismatic library that it will prove necessary in any of our member's time to make their investigations here.

Dear Mr. Huntington:

Through Mr. Mc, Mr. Newell received  
your message with regard to the bringing  
of the letter by word of our friend.

Mr. Newell asked me to write to you  
and say that he is calling a meeting of  
the Governors for Thursday of next week,  
at which there is no reason to doubt that  
the action you desire will be taken.

Trusting that this will be satisfac-

Dear Mr. Huntington:

Some time ago when talking with Mr. Emil Fuchs, he told me that he had a number of sketches of medals which he had designed for the Hispanic Society, and that if you wished to have them, he would gladly present them to the Society, and that if you did not desire them he would give them to our library.

I told him that I would bring the matter to your attention when next I had an opportunity of speaking with you. As there has not been a contact for several weeks, I am therefore writing about it at this time.

Has not the Hispanic Society published a volume by Lisa King on the Military Orders of Spain? We should be very glad to have a copy for our section dealing with Decorations, if I am correct in my impression.

Dear Mr. Huntington:

owing to the fact that at our only meeting it was voted that there should be no further Council sessions during the summer months, I am submitting the following to you - a matter which has come up since the last meeting, and in which an early decision is desirable.

An opportunity has recently presented itself to Mr. Fox to complete his archaeological and numismatic studies under the auspices of the American School in Athens. You will recall that the international year which the Academy allotted to Mr. Fox was only partially completed by him. That year should have been last had he not, in order to leave the year free for the balance of the month's absence on leave, requested that he be allowed to take part of it in 1921. There are still due him nine months of the international year - seven times as much as to take advantage of the opportunity presented, and he has asked me to lay before the Council his request for leave beginning about October 1st.

In doing so, there are a number of advantages to the proposed plan. In the first place, the project would be agreed by Mr. Fox in writing, leaving for greater usefulness in the country than he requires. The work of the Academy of Athens would be completed, the Director of the American Numismatic Museum, he would be brought into contact with a man who is undoubtedly one of the greatest numismatists of the present day, and a very able teacher. An effort would also have been made for securing the loan of the museum's collection, which is of the very first importance - thus materially increasing his knowledge and the scope of his future numismatic activities. Especially, however, would he be associated with students, not only in our American school but in the other schools maintained in Athens, and his work would probably be brought into closer contact with that of the numismatists - something at which we have been striving for a long time.

After several talks with Mr. Fox, I find that he would be able to leave provisions in such condition that it would be possible for Mr. Fox to leave without there being a vacuum of numismatics while his other duties, during the period of Mr. Fox's absence, could be distributed among the other members of the staff. Finally, Mr. Fox would return to take up his duties again in time to allow for next year's sessions.

Will you, therefore, let me have your vote to the matter - shall Mr. Fox be granted the desired leave, beginning on or about October 1st, 1922?

Very sincerely yours,

President

My dear Mr. Huntington:-

Many thanks for your liberal cheque for one thousand dollars to cover this Society's deficit of December thirty-first. We are confident that the near future will relieve our good friend of any call from us for general expenses.

We had a splendid annual meeting on Saturday. We wished you had witnessed it. A veritable love feast filled with exalted ideals and their practical accomplishment, and sugared with resolutions of praise and satisfaction! President, Governors and Council were re-elected with expressions of confidence and esteem. It was an occasion of deep sentiment and congratulation. Undoubtedly we have arrived, in a small measure, at the position we should occupy, and, I believe, we are a unit in our desire to fortify and enlarge that position.

Thanks to your patient encouragement the child is beginning to toddle, and he returns you a true filial love.

I wish we could do something for you.

Dear Mr. Huntington:

Under separate cover the two forthcoming issues of Numismatic Notes and Monographs are being sent you. The larger of these is just ready for mailing. The other will be distributed in about a month. The smaller is by far the more interesting of the two. It is a very skillful piece of reconstruction. Mr. Newell identifies the under-type of some bronze pieces of the issues of a king of whom we know but little and of whose coinage but two tetradrachms survive.

I hope you will agree that the Bibliography is a satisfactory piece of printing considering the difficulties. What is much more pleasing, however, is that it has been done on an estimate of \$6.50 per page and if this price can be maintained, it will mean that we shall be able to publish more monographs with the same income.

The usual number of copies will be sent you at the Hispanic Society in due course but I wanted to have you see these in the meantime.

Archer V. Huntington Esq.,  
No.1 East 89th.Street,  
New York City.

Dear Mr.Huntington:-

On behalf of my associates in the Council of The American Numismatic Society, I gratefully acknowledge receipt of your donation of \$150,000.to our Permanent Fund, Principal Account;the income from which is to be used for General Expenses of the Society. In this connection I simply must repeat what I told you yesterday, we all deeply appreciate your continued interest and ever ready willingness to assist the Society.

You have made the life of the Treasurer much easier, and I trust we shall always so conduct the affairs of the Society that your pleasure therein will continue.

Most sincerely yours,

Treasurer.

December 18, 1929.

Dear Mr. Newell:

I received the beautiful laurel crown which you wrote to me this morning with great pleasure. It is always a satisfaction to believe that one has deceived a learned body like the Numismatic Society into the belief that one of their members is as distinguished as you suggest. If I am able to continue to outwit you to this extent it surely demonstrates real character and intelligence on my part.

Please express profound appreciation and thanks to the Council for their undeserving laudation.

Faithfully yours,

A handwritten signature in dark ink, appearing to read "Edward T. Newell". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

New York City.

October 27, 1930.

My dear Mr. Newell:

I send you some forms of contract which Mr. Haeseler has sent me. As the film is the property of The American Numismatic Society I could not sign for myself, but what you may wish to do I do not know.

With best wishes,

Yours truly,

A handwritten signature in cursive script, appearing to read "R. M. Huntington". A long, thin, curved line extends from the top of the signature towards the upper right corner of the page.

New York City

Dear Mr. Huntington:

The enclosure is a trial proof of the book-plate which has been designed for purchases made on behalf of the American Numismatic Society for the Huntington Free Library and Reading Room - I hope it will meet with your approval. Those for the Museum of the American Indian Heye Foundation and for the Huntington Free Library in its own behalf, will be uniform. Their names will merely replace that of the American Numismatic Society.

I am sending this to you before proceeding with the printing. It should be explained that the enclosure is not as clear as the final result will be, because of being printed through the negative rather than directly, as it will be in the final result. Furthermore, the paper is photographic paper and not the warm-tone Japan paper which we plan to use for the book-plate proper.

Will you be so good as to communicate your reaction by telegraph. I hope you will be pleased.

Very sincerely yours,
